Why You Can Trust Us

You can trust us because we've been there. After being diagnosed with Lupus and Fibromyalgia, SunShine Story Ballentine began to understand how challenging it can be to look and feel your best. Out of the desire to help others survive and thrive, Solstice Imaging, Inc. was born. How you look ultimately affects how you feel. We're here to help you look keep shining through it all.

Solstice Imaging Inc. was founded by Sunshine Story Ballentine after a successful career in Counseling Psychology and Human Services. She has a B.S. in Education and Social Policy from Northwestern University, and a M.A. in Counseling and Human Services from Roosevelt University. Additionally, she studied with The Association of Image Consultants International at Loyola University, honing her skills in wardrobe-selection management, design aesthetics, business etiquette, and international protocol. Ballentine also received her certification in Makeup Artistry from the Makeup First School in Chicago, where she studied beauty, media, clinical, and theatrical makeup. She received her Nail Artistry Certification from the Wildflowers Nail Academy. Finally, SunShine completed her aesthetics training at Ms. Roberts Academy of Beauty Culture. She is a Licensed Professional Counselor, a Licensed Cosmetologist and a Licensed Cosmetology Instructor. Ballentine puts creativity, passion, and principals into her work as an image consultant and stylist at Exclusively Yours Salon. She loves what she does: inspiring people to feel good about themselves.
